

Github + Samenwerking bewijsmateriaal

GITHUB

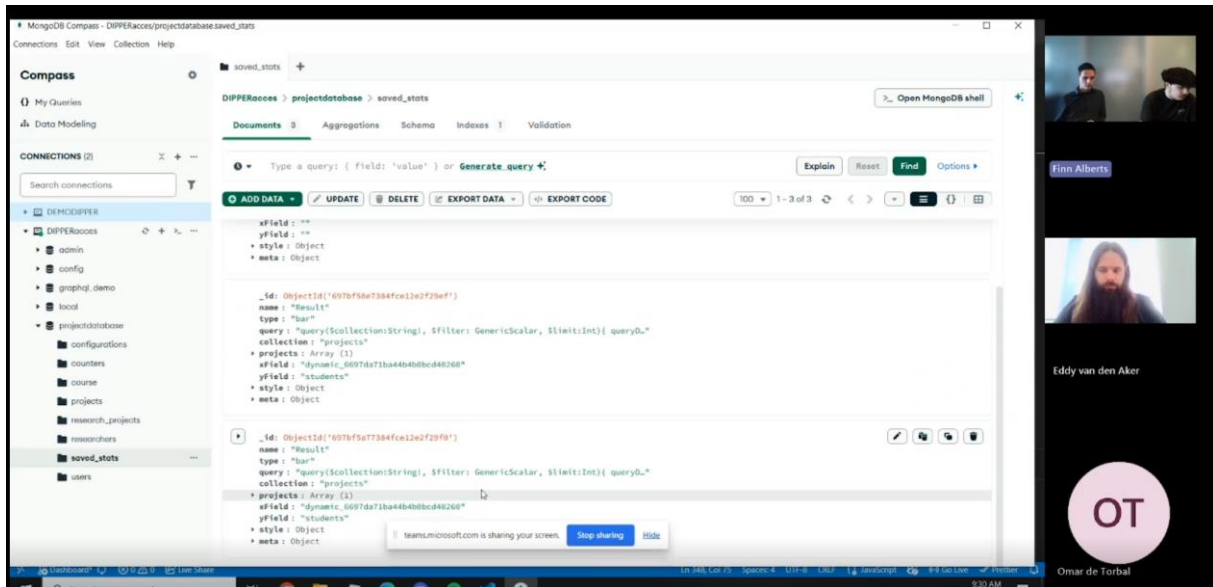

In dit document voeg ik de overige screenshots en bewijs toe voor versiebeheer en samenwerking. Hiermee wil ik laten zien dat ik niet alleen actief aan mijn projecten heb gewerkt, maar ook zelfstandig een planning kan maken. Ook geef ik optijd aan wanneer ik een deadline niet haal en pas ik de planning zo nodig aan.

Ik maak gebruik van github en trello voor documentatie en versiebeheer. Dit is bijvoorbeeld door git pushes te maken zoals hier staat.
